

# Hi, my name is Dash

## Looking for love

### Male Domestic Short Hair Cat

Dash (m) is a short-haired black and white cat. He was rescued with his mum Clementine from death row when he and his brother Indigo were only 1 day old. Clementine and Dash have similar personalities. They walk lightly on this planet. Both are rather shy with people (Dash more so than his mother) so if you are planning to adopt one or both of them, you will have to be very patient to gain their confidence. Being gentle is the key to gain their hearts. Once they warm to you, they are very engaging and gentle. If they are not both adopted by the same person, they will probably do best as the only pet in the household. We offer a 4 week trial period with all pets and will take pets back if not compatible. Adoption fee of \$200 for one cat, \$150 for 2nd, includes vet check, 1st vaccination, micro-chipping, De-sexing and flea/worming treatment. Plus \$40 if FIV testing has been done. Plus \$53 if already lifetime registered.
