

# Hi, my name is Emma And Shaw

Looking for love

### Male Lop Eared Rabbit

Emma and Shaw are a bonded pair that are looking for a home together. They are cuddly, and yes, on the chubby side because they love their food! Emma is a little more shy than Shaw, but easily warms up to new people once she realizes they're nice to her (and bring carrots). Shaw is more outgoing, and will be the first one to explore and forge new paths. They are a favorite amongst the rabbit foster carers, and for good reason! It's a great start to the day to see their happy little whiskered faces waiting for breakfast. They are a hilarious couple, with Emma looking like a tubby little matron, and Shaw looking like a grumpy old man, and so attached to each other. They would make great indoor rabbits with outdoor playtime, and love mowing the lawn. They are both litterbox trained. If you'd like to meet these two darlings feel free to call. We feel they would be great as a first rabbit duo too as they are so easy going!
