

Hi, my name is Coal *3 Legs*

Looking for love

Male Domestic Short Hair Cat

What a gorgeous boy young Coal is, with an amazing resemblance to the puppet cat Salem! His coat is a beautiful jet black, down to his black whiskers and velvet black nose, making his luminous yellow eyes even more striking. But his handsome looks are only the beginning of what makes Coal amazing. Adopted in December 2013, he was only recently returned back into care by his owners, who made the agonising decision that they could no longer give him the full life he deserved. He's now safe in care with Coastal Pet Rescue, and on the look out for his forever home. Never has there ever been a cat who more strongly looks and acts like a stuffed animal! He'll purr away as he crawls into your lap, gently asking for head rubs. He enjoys playing, and will chase an lazer around as quick as his three legs will carry him.

Speaking of his legs, he is missing his left hind leg due to an accident that occurred in his prior home, leading to the leg being surgically amputated. This doesn't slow him down at all, only causing him to move around a little differently compared to most cats :) C...
