

Hi, my name is Jagger

Looking for love

Male Domestic Short Hair Cat

ARE YOU THE ONE I HAVE BEEN SEARCHING FOR??? Hi there! My name is Jagger and I am a very affectionate 15 month old who is searching for my purrfect furever family. I came to 2nd Chance Cat Rescue as a stray in November and I am such a super smooch my foster carer has fallen in love with me and if she could have kept me she would have. I have made myself right at home at my foster carer's and will spend my days lounging around watching out the window, that is if my favourite spot (my foster carer's lap) is unavailable. I love curling up on my foster carer's lap and getting as much attention as she is willing to give me. I show my appreciation by purring away and head butting her. I am a beautiful boy with plenty of love to give to the right person, which would be someone who has plenty of time to give me (as that is what would make me so happy). I would be suited to a furever home with female cats (or even better no other cats to steal my limelight) as I can still be a bit dominant with other males. My foster carer has dogs in the same household however I have not yet...
