

Hi, my name is Handsome Harlem

Looking for love

Medium Male Boxer x Staffy Mix Dog

The biggest heart you'll ever know - Harlem is the most affectionate dog I have ever had the pleasure of looking after. Harlem loves to snuggle, so close and lean into you, he wrap he's paws around you, forgetting his size a lot of the time. All he asks for is love and in return you will receive it back tenfold. Harlem lazes about during the day, lots of sleeping, changing positions, sleeping, having a play with his kong (toy) and some more sleeping. His foster parents work from home and he loves the company but can be left alone here and there with no issues. Harlem is a great inside dog, mostly sleeping on his bed when left alone or when you're on the couch. He loves a bone or vegemite stuffed frozen kong toy to keep himself busy whilst you're away. Harlem currently lives with a very relaxed, calm older Ridgely x Staffy foster sister who he's grown very comfortable with, and could suit a similar dynamic in time and with a slow introductions, but would also benefit from an all human home whilst he is training in social skills. Harlem had been one of the K9 socialisation...
