### Looking for love

## Large Male Rhodesian Ridgeback Mix Dog

Meet Buster our super doper delicious boy. Buster is so gorgeous all the girls are madly in love with him. He is boisterous and fun but settles well and has very good basic obedience. Buster knows sit drop and gentle he can puppy mouth when he's excited so a home with no little children that he cannot bowl over or frighten is best. Buster strives so hard to please he would love a desexed female doggy companion. Buster being a coursing breed is not suitable for a home with small pocket pets or cats. Buster would love a companion family who will run and play with him, be home part of the day, and allow him to be inside and part of their lives. Being a giant baby remember keeping up with socialisation is the key. He adores people and being banished to an outside life would not suit him. He will need to stay on a large breed puppy food until he is 18mths old He has back dew claws which we will remove before his adoption is finalised If you think you will pass the muster to be part of our lads life then please contact the animal shelter for an application for...
