

Hi, my name is May Belle

Complete smoochbug

Female Domestic Short Hair Cat

May Belle is a handsome, somewhat quirky, rather independent girl...She does like attention in that she enjoys a pats and can smooch up a storm with heaps of gentle head butts and purring but it generally has to be on her terms...but sometimes not. She can be surprising in her choices sometimes. Having a chat isn't out of the question, and she has a distinctive meow, somewhat tuneless but it kinda grows on you...rarely does she meow however. May Belle can be shy with people she doesn't know but once familiar or comfortable with someone, she is just fine. May Belle likes getting about doing her own thing, playing with her cat toys, having a "chat" and hanging out in her fave spots taking a nap or snuggling on her foster carer's bed. She does like a stroll in the garden to feel the grass under her paws and sniff a flower or two. A home with singles, couples, and a house rather than an apartment or unit would be ideal as May Belle does like to spend some time in the garden. Someone who would be gentle with her and patient, who understood her independent streak and her atten...
