

Hi, my name is Bruce And Floyd

Looking for love

Male Birman Cat

Yes, that is correct. Our two beautiful boys are back again! What we have learnt about these two treasures is that they have absolutely no respect for your stuff, and do not like the smell of humans! Just to be totally blunt, these two will poo and wee on your items around the house. It started off as just the laundry basket - fine, we can work with that.. And then it proceeded to the furniture, clothing and mats.. Both of them have been caught in the act, and it has now resorted to them staying outside. Unfortunately here at Adopt Me Inc. we dont have any room to trial any theories in regards to them being inside and using everything as a toilet as we are just too full of cats. However, in their outside run, they have been using the kitty litters supplied, which is one each and have not gone anywhere else. We are slowly starting fresh with these two. So ideally our new home will have an outside run/purpose built cat run. They appear to enjoy being outside, and do not complain about much at all. Floyd doesnt appreciated the company of other cats. Bruce is...
