

Hi, my name is Whisper ♥ \$25 Meow's The Time Special ♥

Looking for love

Female Domestic Short Hair Cat

Whisper is a sweet girl who's had a hard start to life. Whisper is quite content being at home alone during the day whilst her foster parents are at work..however she would equally suit a quiet home where her owner is around during the day for company. If you sit on the floor with her, she loves to be fussed and purrs her little heart out. She is very inquisitive, but prefers the house to be quiet, if there are too many loud noises (like little kids running around!) she will go and hide if it gets too noisy. Whisper would do well in a home where she has a special someone to love, and a lap to curl up on when she feels safe and settled. She is litter trained and lives as an inside only cat.
