

Hi, my name is Mumble

Looking for love

Male Domestic Long Hair x Ragdoll Mix Cat

Mumble is an angel. He is looking for a dedicated owner who will love him and give him the most amazing life he deserves. He has been in care for 4 months and has become very close to becoming a permanent resident as I just love him so much, but one of my cats does not get along with him. I will be very sad to see him go. When he arrived he was a very broken soul. It was clear he had not been cared for adequately for some time both physically and mentally. But he has learnt to trust- he is changing, learning and developing. Patience will be the key. NOTE: These experiences and observations have been with myself only. It is likely he will be reserved and even hide from a new person, but slowly come out. Mumble has a gentle nature and craves love. A scratch behind the ears and under the chin brings out a purr! He adores being picked up and snuggles into you and purrs. He is a smoocher and constantly rubs up against my legs when I go into his room. He has begun to head butt my hands for attention. As with many Ragdoll cats, he is vocal and loves to have a chat. ...
