## Think Scooby Doo

### Large Male Great Dane Mix Dog

If listed here please be reassured the dog is still available. After reading the profile below, if you would like to meet the dog please complete this form

<http://www.dogadoption.org.au/adoption---expression-of-interest.html> Playful and entertaining yet gentle and affectionate. Eager to please and very loyal. Other dogs. Dexter is social with some of the dogs he knows but has recently become apprehensive meeting strange dogs - after a bad doggy day care experience where he was attacked. His new owner will need to help him gain confidence again. Cats. No. Kids. Dexter currently lives with a 6 month old baby and loves his human brother. Dexter loves to give kisses but can get excited so there is a chance he may accidentally knock a child over with playful exuberance.

If you have kids we recommend they be primary school aged and older. Size. 40 kgs  
Exercise requirements. Medium - playful and energetic. How is this dog on a lead? He is ok unless he sees something exciting then he can be hard to manage as Dexter is a larger dog and could pull someone small...
