

Hi, my name is Autumn And Preto (3309 And 3310)

Beautiful bonded pair

Female Domestic Short Hair Cat

~ Autumn and Preto - a bonded pair ~ The bond between these two cats is lovely and heartwarming! They are inseparable. Preto, the black fluffy boy, adores his sister (we assume they are brother and sister) and is happiest and most confident with her by his side. Both are so affectionate, both to each other and to us humans. Adopting a bonded pair means that you know the cats will get along! So many people adopt one cat, then decide down the track to adopt second, and are then faced with the question "will they become friends or enemies?" These two will keep each company when you are out, and when you are home they will smother you with love. Purrfect! Autumn, the beautiful white tortie girl (3309), and Preto, the handsome fluffy black male (3310), are about 1-2 years old. Their very special adoption fee is \$200 (for both, not each) which includes desexing, vaccination, microchipping, lifetime registration and a vet check.
