

# Hi, my name is Pound Cats | Pixie & Dixie..Bonded Sisters

Looking for love

## Female Domestic Short Hair Cat

Both friendly girls who were rehomed to a family with 3 children 18 months ago. Pixie and Dixie were returned due to the family having a family problem that prevented them having pets. The family were devastated to have to return the girls. They have been living in an outdoor enclosure for the past 18 months with no adoption interest and I am not sure why? They are lovely looking girls who both love a pat and tummy rubs. They are fully vaccinated, desexed and up to date with worming and flea treatments.

They are fully litter trained and eating a high grade premium diet. These bonded sisters will only be rehomed as a pair to an indoor home or one with a safe enclosure. If you would like more information please give Julie a call on 0476 454 685
