

Hi, my name is Biff

Looking for love

Large Male Mastiff Mix Dog

***** We are no longer accepting applications for Biff ***** Biff is a young Staffordshire X Mastiff dog that found his way to us as a stray. He came in to the Shelter with very poor body and coat condition, and is currently on several meals a day to help him gain weight and get a sheen back in his coat. He will require ongoing feeding in his new home with a high-quality food as most breeds of this type tend to lose weight rapidly on lesser quality foods. Biff is a sensitive and quiet young lad and is very cuddly and affectionate...he LOVES a scratch on the base of his tail and to gently mouth your hand when you're giving him a good back-scratch. He is unsure of new people initially but does not growl or posture defensively. He is learning that people mean cuddles and food, and what more could a young dog want? He is great on the lead and even knows how to 'heel'. He is also polite when socializing with other dogs and tends to prefer quieter females equal to his size. Biff would benefit from a home environment where he could become more at ease with new situatio...
