

# Hi, my name is Sachii

I love cuddle time!

## Medium Female Kelpie x Staffy Mix Dog

Sachii is a very affectionate young dog looking for her forever home. She is currently in foster care and just loves being with her people. She is very smart and learns new things very quickly. She walks well on the lead, can sit, shake, stay and heel. Sachii is very energetic and likes a good walk each day, but then she's content to be a couch potato and snuggle with her family. She would suit a family with older children/teenagers as she can be anxious around young children. Sachii can still be a little unsure around other dogs, so at this stage we feel she is best suited to a home where she is the only dog. With slow and proper introductions, she can live with cats. She has doggy friends since living with her new foster Mum, but we feel at this stage she will be best as the only dog. Sachii will need a confident and experienced owner who is able to spend time training her, so that she can be the very best best dog and shine as we know she can.
