

# Hi, my name is Lulu Adorable Girl

## Personality Plus

### Female Domestic Short Hair Mix Cat

Lulu is one of three and was rescued and now is safe and a happy kitten. Lulu is delightful, she is a happy playful kitten that loves chasing her siblings around, chase imaginary prey, rolled up paper and the red laser. Lulu is also super affectionate and shows this through her quiriness. Lulu sits on the couch against your neck she smooches into your neck and puts all her weight into her smooches, she brushes your face and gives kisses, she also curls up to you on the couch against your body. Lulu would make a great addition to the family, she is use to other cats, mot been exposed to dogs however would do well with a cat loving dog.

Lulu is pure white and would need to be indoors a lot and when outside she will need sunscreen and only for allowed out for short periods of time. Lulu is toilet trained and loves her food. If you would like to know more about little Miss Lulu please text.
