

# Hi, my name is Edgar Meet Booked

## I'm dog social!

### Large Male Great Dane x Shar Pei Mix Dog

Edgar, along with his siblings, were brought into care when their mum who was rescued (elsewhere) from a Pound, already pregnant, decided she wasn't ready to be a mum. So to give these guys the best chance possible, Wally's took them on. Little Edgar is now thriving and absolutely loving his new foster home. He has plenty of socialisation with other large dogs, kids and new people stopping by to give him lots of cuddles and attention.

Socialisation with other dogs and new people at an early age is super important when it comes to the Shar-pei breed. They are very strong willed and may test your patience when it comes to training and probably not the most tolerant of breeds to have with young children. Having experience and knowledge of the breed is required. Edgar is yet to have his vet work done, but is available for a meet and greet now. He is located in Lake Munmorah on the Central Coast, NSW.

Desexed Wormed Flea Treatment Vet Health Check Vaccinated Microchipped

<b>Age</b>	4 years 6 months
