

Hi, my name is 487/500 Rosie & Lula

Looking for love

Female Domestic Medium Hair Cat

~* FOSTER VIEW TO ADOPT *~ ☐ MEET LULA AND ROSIE ☐ My name is Lula and I am the really pretty blue, apricot and cream coloured cat! I came into foster care with my sister Rosie who is an awesome black, orange and white coloured cat! Rosie and I are a bonded pair, this means that we would like to be together when we get adopted! We are what is known as timid. Rosie and I came into care quite some time ago and were not very friendly at all... to anyone or anything. Rosie was my protector because I was a really frightened kitty, but now I'm all grown up and do not need her hovering over me all the time, so I wander the house and enjoy my time here. Rosie on the other hand is still trying to be protector and does not let any other cat (or little dog) come into her space. She is my feisty big sister! I do not mind some of the cats here and the little dogs don't worry me at all, but Rosie is very different to me. She is what I call a loner... other than when it comes to me! Gotta love her! We are not too keen on small humans as they like to try and pat us, and we get scared with...
