## Large Female Border Collie x Mastiff Dog

Hi. My name is Tink and I'm a 1 year old, female, Border Collie x Mastiff. I turned 1 on the day Dog Rescue Newcastle broke me out of the pound, what a birthday present! I am a very shy girl around new people but I truly shine once I settle in. My foster carer thinks I'm just a huge cuddly ball of fluff! I am said to be good with dogs my own size, as when I was at the pound I was sharing an enclosure with a friend of mine. I have not been around other dogs much whilst in foster care but I have not shown any aggression towards other dogs when I am on a walk or getting a bath at the shops. My foster carer is not sure how I am with cats or pocket pets as they don't have any. I don't fret while my foster carers are at work as they leave me occupied with treats and toys spread around the yard. I haven't made any attempt to dig or jump my way out. When they come home from work they let me inside and give me the biggest cuddles and kisses. I think I am spoilt for choice on where I can sleep. I've resorted to sleeping on my foster carers' bed and they just let me sleep there...
