

Hi, my name is Ellie

Looking for love

Female Manx Cat

Little super sweet ELLIE has been rescued from a neglectful hoarding situation and is ready for her new home. Ellie is very playful and will keep you entertained for hours. Ellie gets along well with other female cats but isn't overly fussed of boy cats. Ellie is very affectionate and has that beautiful Manx personality. Ellie is black with rich chocolate undertones, a white belly and smudges of white on her jaw and neck.

Ellie is FIV positive - with a high quality, fresh food diet she can live a long, healthy life like any other cat. *Please note* Being FIV positive Ellie must be an indoor cat preferably with access to an outdoor enclosure. Four adoption options for Ellie ---> 1) As an only cat with no other cats. 2) With another/other FIV positive cats, 3) With another/other cats vaccinated from FIV. 4) With another/other cats that are not fighters/biters. Please read the link to facts about FIV cats ---> <http://www.advocates4animals.com/blog/fiv-positive-cats-not-a-death-sentence...>
