

# Hi, my name is Annie

Independent but cuddly

## Female Domestic Long Hair Cat

This adorable girl is quite unusual being a female ginger and white cat, most ginger cats are male. Annie can be rather independent, preferring to do her own thing (don't all cats?) but she does still have a sweet loving nature and loves company and affection. She has a lovely soft ginger long coat that only needs a brush once or twice a week and is oh so beautiful. Annie is living with other cats and dogs and is ok with them. Please consider sweet gorgeous Annie girl if you are looking for a new feline friend. We do insist that our kittens are kept as indoor cats to ensure their safety and to respect your neighbours and our native wildlife.
