

Hi, my name is Bandit

Very affectionate

Male Domestic Short Hair Cat

Bandit has his name as he is a shy boy but when he gets to know you he is super super affectionate and very cheeky. Bandit is a chatter, he will lay next to you and start chatting, then it will follow with a face rub. Bandit is a bed and lap cat, he likes to sleep or sit right next to you, he doesn't really liked to be picked up (that will change with practice). When he meets new people he is very shy, when he gets to know you he is super affectionate and just wants to be patted and touched. Bandit has a habit of standing in his water bowl, if he can't stand in it he will not drink it. He is a very easy cat to care for. Bandit would do well in a home on his own or with a friendly confident cat or two. Bandit is fine with calm cat friendly dogs. Bandit is available for fostering, the fosterer would need to be a confident cat person that can develop Bandit into a confident cat, also it would have to be a foster situation until he is adopted. Ideally Bandit wants his forever home.
