

Hi, my name is Mastiff Pups

Ready to mold

Large Male Mastiff Dog

Please note: 5/2/2018 - There is one black male left available for adoption. These six super cute Mastiff pups are so adorable they send the cute metre over the top! There are two black females, two black males, one tan female and one tan male. But don't let their adorability fool you. These kids are going to mature into very large dogs who will need homes where their owners understand the care, feeding and handling of large breed dogs. Most importantly they will need extensive socialising and training from the very first moment of adoption to ensure they grow into well rounded canine citizens. So if you think you can provide a loving home for one of these beautiful pups please call and talk to Ella, she is now taking expression of interest for adoption in a few weeks time.
