## Female Birman x Himalayan Mix Cat

Risha is a member of Rianne beautiful litter 5 kittens. Four are torti girls and Rico who has already got a home the only boy. There story is we were called to a community early last year they were having a problem with some community cats who were continually breeding and their kittens. All the queens were pregnant again and they just did not know what to do. So we caught all the kittens and the queens put them into foster care and then got them all desexed. We returned all but one of the queens after they were desexed and kept all the kittens. The queen we kept Rianne is a lovely black fluffy young lady very affectionate demanding loves cuddles happy to be stroked and picked up just a very beautiful loving cat as are her beautiful children. They are all desexed microchipped and immunised now ready for their new homes.
