

# Hi, my name is Elton

## Rocket Man seeking humans

### Male Domestic Short Hair Cat

Meet handsome Elton! This calm and gentle boy will spend his days chilling on your couch. Don't let his size fool you! He loves being held in your arms and will fall asleep on your lap as you watch TV. Elton enjoys being petted and will roll around on his back for belly scratches. He meows politely when he wants something and plays with his foster sister Lucille every now and then. But most of the time he will be found snoozing in the sun or sitting at the window watching the world go by. Elton was rescued hours before his scheduled euthanasia from a rural pound in northern Victoria. He is presently recovering from a touch of cat flu and will be ready to go home once given a clear bill of health.
