

Hi, my name is Rocky

A big baby!

Large Male Mixed Dog

Rocky was living with an elderly woman in a very remote part of the NT who had too many pups and dogs to care for. He went into foster care and had lots of contact with people including children of various ages.

Rocky is a great big baby with humans adoring giving and receiving affection. Rocky loves children but due to his size and puppy behaviour we feel he is best of with children from at least 10yrs of age. We

have no idea of his breed and he will be a solid medium to large dog depending on your idea of size.

Rocky is almost 18 mths and of an unknown breed as is the case with all the dogs we rehome. He has proved to be good with young puppies and respects older dogs who put him in his place. However, he would like to be the Alpha dog so needs an owner who has experience with this kind of behaviour and is prepared to teach him that he is not in charge. We don't know what contact he has had with cats. Rocky is desexed, chipped, vaccinated, parasite treated and in good health.
