

# Hi, my name is Quincy

Jumps how high?

## Medium Female Kelpie Mix Dog

Quincy really enjoys people and spends time in the office curled up under the desk, showing she can switch off and relax. She is sweet, affectionate and the tiniest bit needy, putting her paws up gently onto your lap for a cuddle. At the same time, Quincy's our "go to" girl for dogs needing buddies as she makes friends easily. She has much potential to be an agility competitor as can both jump and climb, but has settled well and not thought about fences since she got some friends to play with in the yard. Quincy needs a home with an active canine companion buddy and a secure enclosure.
