

Hi, my name is Romeo & Juliet **On Trial With My New Family**

Looking for love

Male Lop Eared Rabbit

"This is YOUR chance to make Romeo & Juliet a happy ending!" Romeo is a young cuddly boy who charms people with his gentle personality. He may be a little shy at first but once you get to know him, he will warm up to you. Romeo came to the rescue with his twin sister - Juliet. Unlike Romeo, Juliet is more adventurous and likes to take the lead to explore the playpen in the backyard with joyful leaps. When you spend time with them, they will be all over you..sniffing, and engaging with you as part of their pack. They are well litter trained and are not fussy eaters. They love to eat greens, mixed rabbit food, pellets, and oat hays. They are happy with green grass and dandelion from your own yard when you run out of the green vegies for the day. They are exposed to matured cat and dog and ok with young children with supervision. Romeo and Juliet would suit a home where they have an area of the house set-up for them with their food and litter with an outdoor time when the weather is good. Once you give them their basic needs and love, you will get great delight in return. ...
