

# Hi, my name is Clove

## Handsome weirdo

### Male Domestic Short Hair Cat

Clove tends to be quite timid around strangers and in new environments, but once settled in, he's a confident and sociable boy who goes around making friends with other four-legged babies, felines and canines. He enjoys pats and will follow his humans around meowing for them once he's comfortable with you. Clove enjoys doing the oddest things and relaxing in unexpected places so it's never boring when this guy's around! You'll find him curled up like a potato in a random box, his legs sticking out from under a couch, or maybe he'll just sit like a human in the middle of the room - you never know what you'll get with this boy! Please send us an enquiry if you'd like to meet this cutie 😊
