## Female Domestic Short Hair Cat

~\* FOSTER VIEW TO ADOPT\*~ ☐☐ WISHING FOR SOME GOLD AND SILVER IN YOUR LIFE? ☐☐  
Hello world! We'd like to introduce ourselves, I am Gold and this is my partner in crime, my sister Silver. We are on the hunt for the perfect forever family. I think we were appropriately named after a couple of precious metals, as we are indeed precious kitties. To be honest, we had a bit of a rough start in life, being born on the streets and all, but we're so lucky some Angels came along and rescued us! Unfortunately, we have been in the foster care system for far too long, much longer than most other foster cats... You see, we've been moved around our whole lives, waiting for our human family to find us and give us the forever home we so desperately need. Likes/Dislikes We want you to know that humans are still quite intimidating to us (don't take it personally!), and cuddles and pats are a bit scary, but if you bribe me with a tube of dine treats, I'll accept gentle neck scratches. My sister Silver is way more nervous about physical contact, but she'll come around to you, she just nee...
