

Hi, my name is Hirail

Golden Oldie

Medium Male Australian Cattle Dog Mix Dog

Hirail is the sweetest old dog with the sweetest story behind his unusual name. He was found on the train tracks of Kalgoorlie by a railway employee who promptly named him Hi-rail. He is approximately 7 and a half years old and has some arthritis in his back leg and some skin issues that are being treated by 10 weekly steroid injections and keeping him on a fish based diet. As you can see he is being spoiled rotten by his current carer and loving it. Hirail is a mellow old fella that enjoys going for short walks down to the local parks and wandering around his back yard for a sniff and boy does he love his treats! Hirail is such a smooch and is wanting nothing more to spend his final years with a family he can call his own, he has been so patient and attended so many adoption days but never been the one chosen, he understands he is the old boy, has funny patchy hair and wobbly knees... but still has so much to offer! Could today be his day? Can you open up your hearts to the sweetest old boy and give him the life he has been dreaming of? If so please get in contact with Hirail...
