

Hi, my name is Possum (And Panda!)

Cutie pie possum (rabbit)

Male Dwarf lop Mix Rabbit

I'm Possum and I would like to live with you, please. Oh and my brother Possum has to come too. As long as there are tasty things, we'll be your best friends, okay? This is Panda's profile:

<https://www.petrescue.com.au/listings/681468> He's silly - one ear is always up, one always down! We found ourselves in the POUND! We were hopping around the neighbourhood together, like we owned the joint, two friendly young buns... and got taken for a trip to the pound in a hessian bag. Our family didn't come to get us, so we landed in foster care with WA Animals. We settled into our foster home pretty quick, we got most of the dirt out of our fur, our ears were cleaned and our wounds (likely from another rabbit) checked. I am the quieter one between my brother and I but my confidence grows every day and I may even be the dominant bunny (we are still deciding)! Don't tell anyone, but I secretly enjoyed my foster carer cleaning me up. She got right in my ear crevices with a baby wipe and I groomed her shorts and leg to say thank you. Since then, I have done a pretty goo...
