

Hi, my name is Libby ~ Cute Mastiff X Puppy (On Trial 26/4/2019)

Fun loving girl

Large Female Mastiff Dog

This is Libby, she is an 8 week old Mastiff x. Libby is timid at first but is very quirky once she gets comfortable. She would definitely benefit from having another dog in the house as she loves her foster siblings, but would also be fine as an only pup. She has very pretty eyes and loves to snuggle. Libby is a very healthy little puppy who has been raised in a home environment. She has been very well socialised with other puppies and adult dogs (small and large) and gets along well with them all. She's met lots of people and is friendly and affectionate with them. Libby will grow up to be a medium/large dog. We always recommend puppy-training classes to give your new family member the best start in life. All dogs and puppies need plenty of affection, exercise, and training. It would also be good if someone in the household doesn't work full time. Libby needs to be welcome inside when people are home, and to sleep inside at least until fully grown. She will be wonderful family dog and is suitable for children 8 years and older. You need good fencing with no small gaps. ...
