

Hi, my name is April ~ Cuddly Staffy X Puppy

Playful girl

Medium Female Staffy Mix Dog

April is a 7 week old, female, Staffy x puppy. This playful girl is full of energy and loves to tumble. April is a very healthy little puppy who has been raised in a home environment. She has been very well socialised with other puppies and adult dogs (small and large) and gets along well with them all. She's met lots of people and is friendly and affectionate with them. April will grow up to be a medium dog. We always recommend puppy-training classes to give your new family member the best start in life. All dogs and puppies need plenty of affection, exercise, and training. April will need a friendly adult dog as a teacher, companion and playmate as she would be too lonely on her own. It would also be good if someone in the household doesn't work full time. April needs to be welcome inside when people are home, and to sleep inside at least until fully grown. She will be wonderful family dog and is suitable for children 8 years and older. You need good fencing with no small gaps. She can't go to rural fencing (eg: mesh or wire). April's siblings Tiki, Kalani, Keish...
