

# Hi, my name is Ella & Harry

## Their bond

### Male Domestic Short Hair Cat

SEX: female & male BREED: Domestic short hair AGE: 3 years LOCATION: Pyrmont, Sydney

\*FOR A FOSTER TO ADOPT SITUATION Ella & Harry are some of the most bonded cats we have ever met. They are completely dependent on one another. When we were first informed of this colony in north sydney, we thought their were 2 mothers with kittens each. It turned out Harry, was actually the father and helped Ella take care of the kittens. These kittens are Penny, Milly & Harriet currently available for adoption. They have such a strong bond with one another, and Harry just worships Ella. They are always together and every night have long PDA sessions. They have come such a long way since being in foster care, but still have a little bit to go. We will keep you updated on their progress. \*Ella & Harry are currently not available for adoption, but we would be open to a foster to adopt situation for these lovers. If this would interest you please contact us for more information. To apply:
