

Hi, my name is Smokey

Loving

Male Domestic Short Hair Cat

Meet our very handsome Smokey. Our big boy was very timid when he arrived, but now, with some time, love and patience he has blossomed and is enjoying life. He is a total smooch!. So obliging, he puts his face in your hand to be petted. And he does the cutest little jumps to get that bit closer. He just loves human company. Smokey would love a home with a couple or a single person. He would be happy being the only feline and would just love a bed to snuggle on and a sunny window that he can sit near and watch the world go by. He is litter trained and needs to be an indoor-only cat. Access to a catrun would be a bonus but not essential. Smokey will need a short time to adjust to his new home, but if you can offer him love, security and patience you will be rewarded with the most loving cat-company you could wish for.
