

Hi, my name is Anika (Bonded Pair)

Sweet gentle loving girl

Large Female German Shepherd Dog

Anika is a desexed stock coated registered bred female German Shepherd who is five years old and is in care at Taree. Anika was purchased from a registered breeder at four years of age after she had had a number of litters. Her former owner purchased her as an older dog and then purchased a young male puppy to keep her company. We have found Anika to be gentle girl, extremely devoted to her humans and a quiet calm dog. She is very bonded to her best fur friend Noble a young 17 month old desexed male German Shepherd who she has claimed as her own puppy. These two beautiful shepherds are looking for a caring home where they can live together and be part of the family. Noble and Anika have lived with children aged eight years up and have been walked by the 12 year old. Both walk well on lead and are voice responsive to commands. Noble could have his basic obedience reinforced but both are good natured dogs. Neither dog has had contact with stock or horses, but they show minimal prey drive and are yet untested with cats or pocket pets. For more information ...
