She is 7 in January and will love you endlessly. Even though she is not quite full Bull terrier don't let this put you off as she has so many of there trait and loves doing her crazy bullie run. She knows sit, drop, roll over and shake. We are looking for a pet free home with no dogs on the fence line and someone who is home most of the time. Due to an attack when she was younger she is very wary of dogs. She loves going on walks and she pulls at the start but soon slows down, while in foster care we will provide a balance harness which will assist with the pulling. She is house trained and would suit a family with older kids. While in foster Victorian Bull Terrier Rescue will supply all of her needs, food, crate, harness, lead, bedding, kong etc. You will also have 100% support from our amazing board members.
