

Hi, my name is Bobby

Mr Boofy

Male Domestic Short Hair Cat

Meet Bobby, affectionately known as 'Mr Boofy'. The vet has estimated his age to be between 3-5 years old. He's more like a dog, he runs to the door to greet his foster carer, hangs out on the kitchen bench, is extremely affectionate and obsessed with snuggles but completely jealous of other cats and won't let them come near. He's a friendly and very devoted cat and doesn't ask for much ..he spends his days lazing around the house on his favourite chair near his carers kitchen bench and loves attention He can sit on command which she discovered when she took him in after being dumped outside a nearby church...i wonder what other tricks are lying beneath.... He's like a puppy dog and also follows her around the house even when she goes to the toiletwhich is ok. He'd make a great companion cat for someone who has time to spend with him. Eating wise he loves his bbq chicken and will eat cat food, some cat biscuits..milk ..water ..Etc. Importantly he's totally litter trained which leads us to think he may have been an indoor cat ..who knows ???!!! Bobby is suited as an indoo...
