

Hi, my name is Lennon

Adventure Kitty

Male Manx Mix Cat

This handsome, caramel-coloured boy is incredibly gentle & has a beautiful soft coat & quiet meow. Lennon loves to play with his toys, sit up high & look into the garden & meow at the birds, explore the house & secure garden area & watch nature videos on TV from his cat tree until he falls asleep. Lennon is very clean with his food, litter & grooming. His nickname is "Lenni Leftovers" because he finishes all the cats' food. We suspect he'll end up a fairly big boy. While shy, Lenni is getting friendlier by the day. In particular, he loves to snuggle under his blanket while enjoying a tummy rub & he's grown used to sleeping on his foster mum's bed. Lennon will flourish in a home where he can have one-on-one time with his forever humans. Lennon is: Desexed Vaccinated Microchipped Wormed & Flea Treated Litter Trained
