

Hi, my name is Silvermist

Curious & Friendly

Female Domestic Short Hair Cat

I am shy and reserved at first until I get use to my surroundings then just like that I make the house my home. I am an inquisitive and friendly girl who likes to be near my people. I am not suited to loud and noisy households and would prefer a quite and relaxing forever home with my humans. I have been around other cats and dogs in care and if introductions are done properly and they are happy to share territory then I have had no issues. I prefer older kids that will play but not torment me. I like to cuddle up next to you on the couch and accept any and all the attention you can give me. If you are looking for a cat that can be your companion and just hang out then please consider giving me a forever home.
