

Hi, my name is Opal

Looking for love

Female Domestic Short Hair Cat

Introducing OPAL, a very sweet tricolour tabby female about five months old. This delightful youngster is very playful and just loves being around people. She very quickly settled into her foster home, taking no time at all to find her way into her foster mum's bed. She loves to snuggle up with the children, too. She is less keen on the other cats in care, although it's early days yet. She is great mates with the older cat she was rescued with, so we suspect it's just a matter of giving her time to get to know the other felines. Opal has a super soft coat that is an interesting mix of tan, charcoal and white. With her gold-green eyes, she is quite the stunner. She is untested with dogs. Opal's adoption fee is \$250, which covers the cost of her desexing, vaccination and microchipping. Her vet work will be done on 4 August and she will be ready for her new home soon after.
