## An extra special houndie

### Large Male Greyhound Dog

4.5 year old Silver is ready to find his forever home! Our beautiful boy Silver loves people, is extremely affectionate and great company. He enjoys being busy and will follow the action around him for much of the day. One of Silver's favourite activities is watching people from the front yard and pleading for pats from passers-by. He's very friendly and hugely entertaining. Silver needs a couple of walks each day and a home with a garden to zoom around in and burn off extra energy. Although he is quite good on-leash, he needs to be walked by a confident adult, because of his enthusiasm. Silver loves the car and will happily jump in and out. While traffic and noise don't bother him, Silver is wary about meeting other dogs. He prefers to do his own thing, happy in his own world with his humans. He would enjoy living as an only dog and getting all the attention. Silver's new family should be prepared to take socialisation with other dogs sl...
