

# Hi, my name is Donna

## Independent but loving

### Female Domestic Short Hair Cat

Donna is a beautiful lady who is always ready to accept a gentle pat and will give you a smooch as she glides past. Unless she is in the mood, Donna is not a huge fan of being picked up and will do her best to wriggle out of your grip but is always up for a cheek scratch and a chat. Donna is fine with sharing the house with friendly dogs and cats and does not mind if her home is busy. She is currently living with a large family and enjoys everyone's company. The children respect that Donna loves her pats but does not like to be picked up and carried around. This sweet lady prefers to have her feet firmly on the floor :) A home with another cat would be good to offer her company while her family are busy. As with any cat, introductions can take a bit of time but she will become relaxed and enjoy having a friend. She does have a rather unladylike habit of eating any scrap that falls onto the floor; including many things that cats should not eat. This leaves her belly swollen and sore, so her new home will need to be exceptionally clean so that she cannot find any scraps. ...
