

Hi, my name is Frankie

Indoor home only

Male Dwarf lop Mix Rabbit

Frankie is a 5 year old dwarf lop cross. He's a very well behaved little bun, but has a sensitive tummy so will need to be kept on a strict diet of hay, a little pellets and no veg. Frankie has ear infections being a lop, and will need ongoing care to ensure the infections are managed. We highly recommend anyone who adopts him continues to see our rescue vet Dr. Chris Martin at Cannington Vet. He loves cardboard houses to chew up and enjoys playing in tunnels. He rolls his tunnels around his pen for fun and knocking down stacking cup towers. Pats on the floor are his fave, and he is easily handled but doesn't like to be held for very long. Frankie's ideal home will be a free range home where he can roam around finding his own fun, and being showered with attention by his new owners. If you think you can give this gorgeous little guy an amazing home, please get in touch to discuss in further detail.

Very sensitive tummy, must be on a strict hay only diet with a small ...

Age	5 years 2 months
Vaccinated	Yes
