

Hi, my name is Luna And Houdini

Gorgeous markings

Male Domestic Short Hair Cat

These blue eyed beauties are now ready to find a loving home together. These bundles of fluff are bound to keep you busy and have a lot of love to give. They both have distinctively different personalities. Luna is the braver of the two, and after a short adjustment will be very affectionate and loving. He insists on sitting on his foster carers lap for most of the day while she works. If there is any mischief caused, Luna will definitely be leading this. Luna also loves food and takes any opportunity he can to snack. Houdini is a very sweet, gentle and shy boy. He is smaller, and will take a longer time to adjust. Now that he is warm he loves secret cuddles, laps and kisses. He doesn't like any loud noises, and is exceptionally shy around new people. However, once you gain his trust he is extremely sweet. They are therefore not recommended for a home with young children or one that could be loud. They are both very playful and active, so would need some high energy family members to keep them busy. We are only considering homes who will adopt both siblings toge...
