

Hi, my name is Stitch DI2538

Looking for love

Medium Male Staffy Mix Dog

Stitch is a sweet young boy who has just arrived in Perth and is looking for a foster or foster with a view to adopt home. We don't know too much about stitch yet, but it does appear he hasn't had much training in his past life. This means he will need a carer who is committed to teaching him his basics and ongoing training. He can also be quite strong on the lead, so will need someone to help him learn his lead manners. Stitch has been known to take himself on a tour of the neighbourhood, so needs a home with tall, secure fencing. Stitch is the kind of pup who has a lot of energy, and so can be a bit intense when meeting new dogs. He may possibly go to a home with another friendly doggy pal pending meet and greet, but it will need to be a slow introduction. He also has not been tested with children or cats. If you can welcome Stitch into your home, please email dfrescue@gmail.com to apply to foster or foster with a view to adopt.
