

# Hi, my name is Mo And Bam Bam

Indoor home only

## Male Medium-hair Sheltie x Peruvian Mix Guinea Pig

Please meet Mo (caramel and white) and Bam Bam (white with black and tan face). These boys love cuddles and Mo will come and take food from you. When feeding them though, you will need to have two bowls of food as Mo loves to stuff his face! Bam Bam's hair is thin in places as Mo barbers him (refer medical notes). Mo and Bam Bam must be adopted together as they are a bonded pair.

Bam Bam has been vet checked for his hair loss, and has been given two full courses of mange treatment to eliminate this as the cause. The likely reason for his thinning hair is his cage mate chewing his hair (barbering). This behaviour is not uncommon in guinea pigs and tends to occur in longer hair breeds.

<b>Age</b>	1 year 11 months
