

Hi, my name is Miss Moggy

Looking for love

Female Dsh Mix Cat

Hello! I'm Miss Moggy. I'm a stunning cat with beautiful green eyes, and a lovely sweet nature and I'm looking for my forever home, is it with you? I might be a little shy at first, so don't worry if I hide under your bed for the first day, once I know I'm safe I'll come out and explore my new home. My foster Mum thinks that I could have been a model, and I like to strut my stuff around the house and I'm so confident that I now try to steal some of my foster sisters' food when her (and mum) aren't looking. I am a little unsure about cuddling up in your lap, I much prefer to be just near you, so save me a spot next to you on the couch, or by your feet on the floor and I'll happily lay there all night while you watch TV. Please look me in the eyes so I know you're there and then I'll lay nice and still while you give me a long pat down my back, and a chin scratch... ooh, how I love those. I will let out the loudest purr so you know when you've hit the right spot. My foster mum thinks my new home should have older children or adults that know how to be gentle. I do...
