

Hi, my name is Arrow

Looking for love

Male Rex Mix Rabbit

Oh I didn't see you there. Nice to meet you admirer, my name is Arrow. Seeing as you're sooo entranced by my beauty, I'll bless you with some knowledge about my equally as beautiful personality. I love to snooze in the sun, stretched out on a soft blanket or in the lush grass. I love exploring the garden, digging holes in a icy frenzy then pretending that I haven't made any mess at all. Some things you might want to know about me first. I like what I like and I DO NOT like what I do not like! Those things include being picked up, over-handled, being smothered with physical affection. All big no-no's. Admire me from a distance, and if I decide you're worthy of my touch then I'll approach you first! Those my rules, and I expect all to obey them. Because of these rules, I mustn't go home with any humans under 12 and I MUST go home with someone who's an experienced rabbit parent. I enjoy coexisting with my humans and having my own space. As I don't like being picked up, I must have lots of indoor/outdoor space to roam free. For example being free roam indoors...
